

Memorandum

MIAMI-DADE
COUNTY

Date: May 5, 2015

To: Honorable Chairman Jean Monestime
and Members, Board of County Commissioners

Agenda Item No. 8(F)(5)

From: Carlos A. Gimenez
Mayor

Subject: Request for Additional Expenditure Authority to Contract No. FB-00142 Compressed Natural Gas Truck Tractors

Recommendation

It is recommended that the Board of County Commissioners (Board) approve this request to increase expenditure authority by \$973,000 to *Contract FB-00142, Compressed Natural Gas (CNG) Truck Tractors* for the purchase of five (5) additional CNG truck tractors for the Public Works and Waste Management Department.

An Invitation to Bid was issued under full and open competition to establish *Contract FB-00142* for the purchase of up to ten (10) CNG truck tractors. An initial five (5) CNG truck tractors have been ordered and this modification will provide the necessary expenditure authority to purchase the remaining five (5) CNG truck tractors. The ten (10) CNG truck tractors are part of a pilot program to assist the County in transitioning to a CNG fleet. The pilot program will provide the County an opportunity to closely monitor performance and fuel savings associated with CNG truck tractors. The Public Works and Waste Management Department will utilize these truck tractors for its waste management operations, specifically for pulling 85 cubic yard capacity refuse transfer trailers to and from the department's Waste-to-Energy Plant and active landfill sites.

Separately, the Board approved Resolution R-420-14, which authorized the advertisement of two (2) solicitations seeking firms to design, build, operate and maintain CNG facilities and infrastructure for (a) Miami-Dade Transit and (b) the heavy equipment maintained by the Internal Services, Public Works and Waste Management, and Water and Sewer departments. Proposals were received in December 2014 and are currently in the evaluation phase. It is important to note that the CNG solicitations are under the Cone of Silence at this time. As stated earlier, the ten (10) CNG truck tractors to be purchased under *Contract FB-00142* are part of a pilot program that will assist the County to transition to a CNG fleet once the two (2) solicitations currently in the evaluation phase are awarded.
